THE CITY COUNCIL OF THE CITY OF SAN JUAN BAUTISTA HEREBY ORDAINS AS FOLLOWS:

SECTION 1. Chapter 7.4 of the San Juan Bautista Municipal Code, entitled "Stopping, Standing, and Parking," is hereby amended as follows:

Article 1 "Stopping, Standing, and Parking"

7-4-100 Stopping Prohibited in specified places.

It shall be unlawful for the operator of a vehicle to stop such vehicles in any of the following places except when necessary to avoid conflict with other traffic or in compliance with the direction of a law enforcement officer or traffic sign or signal:

(A) Between a safety zone and the adjacent curb or within twenty feet (20') of a point on the curb immediately opposite the end of a safety zone;

(B) Within thirty feet (30') of an intersecting roadway except buses at a designated stop.

Upon all streets within any business districts, the City Manager shall designate the provisions of subsections (A) and (B) of this Section by placing and maintaining red paint or other red material upon the entire curb surface within such area, omitting any crosswalk area or by placing and maintaining appropriate signs directing that the stopping of vehicles is prohibited.

7-4-105 Standing for loading only in certain places.

(A) It shall be unlawful for the operator of a vehicle to stop said vehicle for a period of time longer than is necessary for the loading or unloading of passengers or materials, provided that the loading or unloading of passengers shall not consume more than three (3) minutes, nor the loading or unloading of materials more than twenty (20) minutes, in any of the following places:

- (1) In any alley;
- (2) In any "loading zone";
- (3) At any curb within fifty feet (50') of the entrance to any police station;

Bus stops shall be designated by appropriate signs at those places determined by the City Council by resolution, except that a bus stop shall not exceed fifty feet (50') in length and shall not be placed adjacent to a safety zone;

Every loading zone, also that portion of every curb reserved for loading only by subsections (A)(3) and (4) of this Section shall be designated by yellow paint or other yellow material upon the entire curb surface therein with the words "LOADING ONLY" in black letters thereon;

Within any business district not more than one-half (1/2) of the total curb length in any one (1) block may be set apart as a loading zone.

Where no curbs or barriers bound any two-way roadway, righthand parallel parking is required unless otherwise indicated.

B. Upon a one-way roadway, vehicles may be stopped or parked as provided in subsection A of this section or with the lefthand wheels parallel to and within eighteen inches (18") of the lefthand curb, except that motorcycles, if parked on the lefthand side, shall have either one wheel or fender touching such curb. Where no curb or barriers bound any such one-way roadway, parallel parking on either side is required unless otherwise indicated. The provisions of this subsection shall not apply upon the roadways of a divided highway.

C. In the event a highway includes two or more separate roadways and traffic is restricted to one direction upon any such roadway, no person shall stop or park a vehicle upon the left hand side of such one-way roadway unless signs are in place permitting such stopping or parking. The City traffic engineer is authorized to determine when stopping or parking may be permitted on the lefthand side of any one-way roadway of a highway having two or more separate roadways and shall erect signs giving notice thereof.

D. Requirement of parallel parking shall not apply to commercial vehicles actually engaged in the process of loading or unloading of freight, goods, merchandise or passengers on, or from, such vehicle and while anything connected with such loading or unloading is being executed, in which case the vehicle may be backed to the curb; provided, however, that such vehicle shall not extend beyond the center of the street.

7-4-120 Parking vehicles for sale.

It shall be unlawful for the operator of any vehicle to park any vehicle upon any street in any business district from which said vehicle merchandise is being sold.

7-4-125 Parking vehicles on streets for certain purposes.

No person shall park a vehicle upon any street, municipal parking lot or City property for the principal purpose of doing any of the following acts:

- A. Displaying such vehicle for sale; or
- B. Greasing or repairing such vehicle, except repairs necessitated by an emergency; or
- C. Washing such vehicle, when such person is engaged in the business of washing vehicles. Nothing contained in this subsection shall prevent the owner or lawful possessor of a vehicle from having it washed on the street at his or her residence by a person employed by such owner.

7-4-130 Parking and storage of boats restricted.

No person shall abandon, park, store, leave, keep or maintain, or permit to be abandoned, parked, stored, left, kept or maintained, any boat upon any public or private property, except one boat, thirty (30) feet or less in length, may be parked, stored, left, kept or maintained in the rear or to the side of any residential unit, other than a duplex, apartment, motel or hotel, provided:

- A. If such boat does not have an enclosed cabin, it is located at least eighteen inches (18") from any property line, at least three feet (3') from any building used for human occupancy and at least three feet from any building attached to a building used for human occupancy; or
- B. If such boat has an enclosed cabin, it is located at least four feet (4') from any property line, at least five feet (5') from any building used for human occupancy and at least five feet (5') from any building attached to a building used for human occupancy. This section shall not be construed to prohibit parking, storing, leaving, keeping or maintaining of one boat completely within any garage appurtenant to any residential unit, other than a duplex, apartment, motel or hotel, nor to prohibit the temporary parking, storing, leaving, keeping or maintaining, for a period not in excess of seven days, any boat thirty feet (30') or less in length in the driveway of any residential unit, other than a duplex, apartment, motel or hotel.

7-4-135 Parking on private property prohibited—Citations.

- A. No person shall park a motor vehicle upon any private property or upon property used for private parking purposes without the consent of the owner of such property, the person entitled to the possession thereof for the time being or the authorized agent of either; provided, that signs specifying conditions under which parking is permitted shall have been posted at all entrances to such property. Such signs shall be approved both as to wording and posting by the City traffic engineer.
- B. Any regularly employed and salaried officer of the City staff may issue a citation to the owner or driver of any motor vehicle that has been parked or left standing on any private property, driveway, private parking lot or property used for private parking purposes, in violation of this section.

7-4-140 Parking or standing of vendors' vehicles, pushcarts, etc.—Permit required.

- A. Except as otherwise provided in this chapter, no person shall park or stand any vehicle, wagon or pushcart from which goods, wares, merchandise, fruits, vegetables or foodstuffs are sold, displayed, solicited or offered for sale, bartered or exchanged, or any lunch wagon or eating car or vehicle, on any street, municipal parking lot or City property, except that such vehicles, wagons or pushcarts may park or

stand only at the request of a bona fide purchaser for a period of time not exceeding ten minutes at any one place. The provisions of this section shall not apply to persons delivering such articles upon order of or by agreement with a customer from a store or other fixed place of business or distribution.

B. No person shall park or stand on any street any lunch wagon, eating cart, vehicle or pushcart from which tamales, peanuts, popcorn, candy or other articles of food are sold or offered for sale without first obtaining a written permit to do so from the City Manager or his or her delegate who shall designate the specific location in which such cart shall stand.

7-4-145 Emergency temporary parking signs.

A. Whenever the City traffic engineer shall determine that an emergency traffic congestion is likely to result from the holding of public or private assemblages, gatherings or functions or for other reasons, the City traffic engineer shall have power and authority to order temporary signs to be erected or posted indicating that the operation, parking or standing of vehicles is prohibited on such streets and alleys as the City traffic engineer shall direct during the time such temporary signs are in place. Such signs shall remain in place only during the existence of such emergency and the City traffic engineer shall cause such signs to be removed promptly thereafter.

B. When signs authorized by the provisions of this section are in place giving notice thereof, no person shall operate, park or stand any vehicle contrary to the directions and provisions of such signs.

7-4-150 Parking space markings.

The City traffic engineer is authorized to install and maintain parking space markings to indicate parking spaces adjacent to curbs where authorized parking is permitted. When such parking space markings are placed in the highway, subject to other and more restrictive limitations, no vehicle shall be stopped, left standing or parked other than within a single space unless the size or shape of such vehicle makes compliance impossible.

7-4-155 Areas where stopping, standing or parking prohibited at all times.

The City traffic engineer may appropriately sign or mark the following places and when so signed or marked, no person shall stop, stand or park a vehicle within any of such places:

A. Generally.

2. Any place within twenty feet (20') of a point on the curb immediately opposite any mid-block end of a safety zone;

3. Any place within twenty feet (20') of a crosswalk at an intersection in the central traffic district or in any business district; except that a bus may stop at a designated bus stop;

The City traffic engineer is authorized to determine and to mark loading zones and passenger loading zones as follows:

A. At any place in the central traffic district or any business district;

B. Elsewhere in front of the entrance to any place of business or in front of any hall or place used for the purpose of public assembly.

C. In no event shall more than one-half (1/2) the total curb length in any block be reserved for loading zone purposes.

7-4-185 Stopping, standing or parking in alleys.

A. No person shall stop, stand or park a vehicle in any alley except so as to block or obstruct less than one-half (1/2) the width of such alley.

B. In the central traffic district, no person shall stop, stand or park a vehicle in any alley for any purpose other than the loading or unloading of persons, not to exceed three (3) minutes, or the loading or unloading of materials, not to exceed thirty (30) minutes, and then only so as to block or obstruct less than one-half (1/2) the width of such alley.

Article 4. Handicapped Parking

7-4-400 Use of blue curb spaces.

Persons using "blue curb" parking spaces shall comply with the following:

(A) Blue curb parking spaces shall be operative twenty-four (24) hours a day, Sundays, and holidays included.

Article 5. Repair of Vehicles in Residential Districts.

7-4-500 Purpose and intent.

The City Council finds that the repair and/or dismantling of vehicles in residential districts has a negative impact on the livability and appearance of the City, on the availability of driveways for parking, on property

values, and can pose safety and/or health hazards to children and adults. The City Council determines that the public health, safety and welfare require the prohibition of the repairing or dismantling of vehicles in residential areas, except under certain circumstances.

7-4-505 Definitions.

Unless otherwise apparent from the context, certain words and phrases used in this chapter are defined as follows:

"Immediate family" means parents, grandparents, spouse, and children related by blood, marriage or adoption.

"Major repairs" means and includes the pulling of an engine block, or head, repair or replacement of a transmission, front or rear axles, major body repair, painting over twelve (12) square feet of surface area, dismantling, and similar work.

"Registered/registration" means a current, valid California registration for a vehicle conforming to California Vehicle Code Section 4000 or Section 9840, et seq., for boats.

"Residential districts" means those areas of the City zoned for residential use, whether for single-family or multiple-family dwellings.

7-4-510 Routine repairs permitted.

The registered owner of a vehicle or boat may perform routine maintenance on that vehicle or boat, or a vehicle or boat registered to a member of his or her immediate family, in public view in a designated on-site parking space, driveway, garage or fenced rear yard of his or her residence. For the purpose of repairing any vehicle or boat, parking of the vehicle or boat shall be prohibited at any time in the front yard area of a residence or in the parkway area of a public right-of-way in front of any residence. Pursuant to Section 7-4-125, repairing any vehicle or boat, except repairs necessitated by an emergency, is prohibited on any street, municipal parking lot or City property. Proof of registration of any vehicle or boat on which any routine maintenance is being performed shall be submitted to any peace officer on the request of such officer.

7-4-515 Major repairs prohibited.

It is unlawful for any person in any residential district to perform major repairs or dismantling on or of any vehicle or boat or part or parts thereof, except for major repairs or dismantling which takes place in a fully enclosed garage. When such work takes place in a fully enclosed garage, the garage door shall be closed when the work is not in progress. The painting of surfaces in excess of twelve (12) square feet is prohibited.

7-4-520 Cleanup.

On completion of any work allowed under this chapter to be performed in public view, the property shall be cleaned of all debris, oil, grease, gasoline, cloths, rags and equipment or material used in the work, and shall be left in such a condition that no hazard to persons or property shall remain.

7-4-525 Noise.

No noise-producing work, whether routine maintenance or major repairs, shall take place before eight a.m. or after nine p.m. on any day.

Article 6. Abandoned Vehicles.

7-4-600 Findings of council.

In addition to and in accordance with the determination made and the authority granted by the state under Section 22660 of the Vehicle Code to remove abandoned, wrecked, dismantled or inoperative vehicles or parts thereof as public nuisances, the City Council makes the following findings and declarations:

The accumulation and storage of abandoned, wrecked, dismantled, or inoperative vehicles or parts thereof on private or public property not including highways is found to create a condition tending to reduce the value of private property, to promote blight and deterioration, to invite plundering, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, to create a harborage for rodents and insects and to be injurious to the health, safety and general welfare. Therefore the presence of an abandoned, wrecked, dismantled or inoperative vehicle or part thereof, on private or public property not including highways, except as expressly hereinafter permitted, is declared to constitute a public nuisance which may be abated as such in accordance with the provisions of this chapter.

7-4-605 Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Highway" means a way or place of whatever nature, publicly maintained and opened to the use of the public for the purpose of vehicular travel. Highway includes street.

"Owner of land" means the owner of the land on which the vehicle, or parts thereof, is located, as shown on the last equalized assessment roll.

"Owner of the vehicle" means the last registered owner and legal owner of record.
Public Property. Such term does not include "highway."

"Vehicle" means a device by which any person or property may be propelled, moved or drawn upon a highway, except a device moved by human power or used exclusively on stationary rails or tracks.

7-4-610 Applicability.

A. This article shall not apply to:

1. A vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property; or

2. A vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler, licensed vehicle dealer, a junk dealer, or when such storage or parking is necessary to the operation of a lawfully conducted business or commercial enterprise.

B. Nothing in this section shall authorize the maintenance of a public or private nuisance as defined under provisions of law other than Chapter 10 (commencing with Section 22650) of Division 11 of the Vehicle Code and this article.

7-4-615 Article to supplement other regulations.

This article is not the exclusive regulation of abandoned, wrecked, dismantled or inoperative vehicles within the City. It shall supplement and be in addition to the other regulatory codes, statutes, and ordinances heretofore or hereafter enacted by the City, the state, or any other legal entity or agency having jurisdiction.

7-4-620 Enforcement.

Except as otherwise provided herein, the provisions of this article shall be administered and enforced by the City Manager. such condition that identification numbers are not available to determine ownership. The notices of intention shall be in substantially the following forms:

7-4-645 Public hearing.

A. Upon request by the owner of the vehicle or owner of the land received by the City within ten (10) days after the mailing of the notices of intention to abate and remove, a public hearing shall be held by the City Council on the question of abatement and removal of the vehicle or parts thereof as an abandoned, wrecked, dismantled or inoperative vehicle, and the assessment of the administrative costs and the cost of removal of the vehicle or parts thereof against the property on which it is located.

B. If the owner of the land submits a sworn written statement denying responsibility for the presence of the vehicle on his or her land within such ten (10) day period, such statement shall be construed as a request for a hearing which does not require the landowner's presence. Notice of the hearing shall be mailed, by registered mail, at least ten (10) days before the hearing to the owner of the land and to the owner of the vehicle, unless the vehicle is in such condition that identification numbers are not available to determine ownership. If such a request for a hearing is not received within such ten (10) days after mailing of the notice of intention to abate and remove, the City shall have the authority to abate and remove the vehicle or parts thereof as a public nuisance without holding a public hearing.

7-4-650 Hearing procedure—Order to remove.

A. All hearings under this article shall be held before the City Council, which shall hear all facts and testimony it deems pertinent. Such facts and testimony may include testimony on the condition of the vehicle or parts thereof and the circumstances concerning its location on the private property or public property. The City Council shall not be limited by the technical rules of evidence. The owner of the land may appear in person at the hearing or present a sworn written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land, with the landowner's reasons for such denial.

B. The City Council may impose such conditions and take such other action as it deems appropriate under the circumstances to carry out the purpose of this article. It may delay the time for removal of the vehicle or parts thereof if, in its opinion, the circumstances justify it. At the conclusion of the public hearing, the City Council may find that a vehicle or parts thereof have been abandoned, wrecked, dismantled or are inoperative on private or public property and order the same removed from the property as a public nuisance and disposed of as hereinafter provided and determine the administrative costs and the cost of removal to be charged against the owner of the land. The order requiring removal shall include a description of the vehicle or parts thereof and the correct identification number and license number of the vehicle, if available at the site.

C. If it is determined at the hearing that the vehicle was placed on the land without the consent of the owner of the land and that the landowner has not subsequently acquiesced in its presence, the City Council shall not assess the costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such costs from such owner of the land.

D. If the owner of the land submits a sworn written statement denying responsibility for the presence of the vehicle on his or her land but does not appear, or if an interested party makes a written presentation to the City Council but does not appear, he or she shall be notified in writing of the decision.

7-5-655 Disposal of vehicle.

Five (5) days after adoption of the order declaring the vehicle or parts thereof to be a public nuisance, the vehicle or parts thereof may be disposed of by removal to a scrap yard or automobile dismantler's yard. After a vehicle has been removed it shall not thereafter be reconstructed or made operable.

7-4-660 Notice to Department of Motor Vehicles.

Within five days after the date of removal of the vehicle or part thereof, notice shall be given to the Department of Motor Vehicles identifying the vehicle or part thereof removed. At the same time there shall be transmitted to the Department of Motor Vehicles any evidence of registration available, including registration certificates, certificates of title and license plates.

7-4-665 Assessment of costs.

If the administrative costs and the cost of removal which are charged against the owner of a parcel of land pursuant to Section 7-4-645 are not paid within thirty (30) days of the date of the order such costs shall be assessed against the parcel of land pursuant to Section 38773.5 of the Government Code of the state and shall be transmitted to the tax collector for collection. Such assessment shall have the same priority as other City taxes.

7-4-670 Unlawful acts.

It is unlawful and a misdemeanor for any person to abandon, park, store or leave or permit the abandonment, parking, storing or leaving of any licensed or unlicensed vehicle or part thereof which is in an abandoned, wrecked, dismantled or inoperative condition upon any private property or public property not including highways within the City for a period in excess of thirty (30) days unless such vehicle or part thereof is completely enclosed within a building in a lawful manner where it is not plainly visible from the street or other public or private property, or unless such vehicle is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler, licensed vehicle dealer or a junk yard. It is unlawful and a misdemeanor for any person to fail or refuse to remove an abandoned, wrecked, dismantled or inoperative vehicle or part thereof or refuse to abate such nuisance when ordered to do so in accordance with the abatement provisions of this article or state law where such state law is applicable.

(C) When any vehicle is parked or left standing upon a street where the use of such street or portion thereof is necessary for the cleaning, repair or construction of the street or for the installation or repair of underground utilities or where the use of the street or any portion thereof is authorized for a purpose other than the normal flow of traffic or where the use of the street or any portion thereof is necessary for the movement of equipment, articles or structures of unusual size and the parking of such vehicle would prohibit or interfere with such use or movement; provided, that signs giving notice that such vehicle may be removed are erected or placed at least twenty-four (24) hours prior to the removal.

Such exemption shall expire at a specified time within seventy-two (72) hours, except that the City Manager may

extend such exemption for additional periods of seventy-two (72) hours upon a showing by the person in possession and control of such vehicle that because of unusual circumstances, enforcement of said provision as to such vehicle would cause undue hardship to such person.

(4) The City Manager may grant an exception from the provisions of this Section if, from the information presented in an application for such variance, the following facts are established.

(a) The vehicle in question would otherwise be subject to the provisions of this Section; and

E. The keeper of any garage in which any vehicle is removed from private property and stored in accordance with the provisions of this chapter shall have a lien thereon for his or her compensation for towage and for caring for and keeping safe such vehicle.
