

RESOLUTION NO. 2017-34

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN JUAN BAUTISTA APPROVING NEW SEWER RATES FOR EARTHBOUND FARM

Whereas, Earthbound Farms has asked to revise the current flat rate of \$6255 per month to a variable rate; and

Whereas, the current flat rate was established in 2006 and has not been subsequently revised; and

Whereas, the City adopted new water and sewer rates in 2015 to comply with Proposition 218 and to fully recover costs; and

Whereas, the rate study did not identify a separate “outside” rate for customers outside the city limits; and

Whereas, at least one other customer is charged the equivalent rate applicable to inside the city customers; and

Whereas, the City wishes to give Earthbound the opportunity to plan for the increased rates.

NOW, THEREFORE, BE IT RESOLVED that the sewer rates for Earthbound Farms shall be:

For the period November 2017 through June 2018: \$81.56 per month base rate plus \$6.63/1000 gallons

For the period July 2018 through June 2019: \$82.79 per month base rate plus \$6.6725/1000 gallons

Beginning in July 2020 and each period thereafter, the rate shall be the same rate as established for inside city customers
